Commissioner for Patents
Washington, D.C. 20231

Sir:

PRELIMINARY AMENDMENT

Prior to examination of the patent application please make the following amendments to the application.

In the Claims:

Please cancel all original claims as filed in the PCT application and substitute the following new claims.

1. (New) A composition comprising:
an oligonucleotide comprising the sequence:
N₁ -N₂ - G- N₃ -G
wherein N₁ represents any nucleotide if N₂ and N₃ are G; N₂ represents any nucleotide if N₁ and N₃ are G; and N₃ represents any nucleotide if N₁ and N₂ are G, wherein the oligonucleotide does not comprise a CG dinucleotide, and
an antigen.
2. (New) The composition of claim 1, wherein the oligonucleotide is DNA.
3. (New) The composition of claim 1, wherein the oligonucleotide is RNA.
